

STATE CLEAN DIESEL AWARDS

The Department of Public Instruction and the State Health Department have announced the awards of the State Clean Diesel Grant that was re-issued on December 16, 2009. The award from this grant cannot exceed \$35,000 for the purchase of a new low emission diesel school bus that meets or exceeds the EPA 2007 or 2010 emission standards. This award is tentative based on submission of all required documentation from each school district. Individual schools will be contacted in writing stating their submission requirements:

Northwood Public School
Midway Public School
Underwood Public School
Valley Public School
Beulah Public School
Edinburg Public School (partial award)

If any school district is unable to fulfill their obligations as stated in the competitive grant, then the award will go to the next school district in order of total points. Any questions regarding the award of the State Clean Diesel Grant can be directed to Robert Marthaller at 701-328-2267 or email at rmarthaller@nd.gov
