*High school (grades 9-12) courses in Career Education require 120 contact hours per credit.*

Course Code	Course Name	Grade Levels	Description	Accreditation Time/ Credit Options*	License/credential Required**
20005	Exploring Career Decisions	7-8	This course is designed to provide an orientation to the world of work, including understanding career clusters and exploring various career opportunities. Experiences are designed to introduce students to the technical nature of today's world and the role of productive workers. Activities enable students to increase self-awareness and make wise educational and occupational decisions as they plan for careers. Emphasis is placed on matching and improving students' strengths and interests related to courses in school and their future career plans. The formal career development planning process often begins within this course. The development of a career portfolio is recommended.
