

**North Dakota Department of Public Instruction  
State Title I Office**

## **2002 Caught in the Act Award Recipients**

---

The State Title I office has created a new award entitled, “Caught in the Act” to recognize Title I personnel. This award recognizes Title I staff who have been “caught in the act” of performing exceptional Title I services and are being honored for these outstanding acts.

Three teachers were recognized for this award for the 2002-2003 school year. They were Penny Holmen from Winship Elementary School in Grand Forks, Bonnie Volk from Selfridge Public School, and Paula Rogers from Langdon Public School. They recently received their awards at the October Title I Fall Conference.

Penny Holmen was recognized for her outstanding kindergarten curriculum, Bonnie Volk for her parent involvement packet, and Paula Rogers for her website. The State Title I office applauds these ladies for their outstanding efforts.

As a recipient of this award, these three teachers each received a framed certificate and a grant award in the amount of \$1,500. These funds can be used for any allowable Title I expenditure for the Title I program in their school district.
