One more time and then we're history

We bombed the test, but still we got our pride

We have a plan for im-prove-ment

With stimulus, the money's to be spent

We missed again, we're on step 2

Interventions, before and after school.

N D S A in the Fall

We screwed up and feel real small

We're working hard – doin right

At the end of the tunnel, there's a light!

Our teachers are working extra hard

Reading, Math, Data and Clue Cards

Put your little hand in mine

There ain't no cutpoint level we can't climb
