**"Remember, to the world you might be one person
but to one person, you might be the world!"**

PARENTS

Consider this:

If Student A reads 20 minutes a day . . .

If Student B reads 4 minutes a day . . .

Student A will read 140 minutes per week

Student B will read 28 minutes per week

Student A will read 4,200 minutes per month

Student B will read 840 minutes per month

Student A will read 50,400 minutes per year

Student B will read 10,080 minutes per year

Which student will be the better reader?

Which student will have the best vocabulary?

Which student will be the most successful in school?

PLEASE

instill a love of reading in your child
everyday and all year long!

It is the best gift they will ever get!
